

# The Official Steinman Studios Lazy Susan Sizer

## Measure Two Things!

1. Diameter of your TABLE: \_\_\_\_\_ (Inches).
2. Comfortable Reach from the edge to the susan: \_\_\_\_\_ (Inches).  
(Example: Sit at table, and reach for the peas on an imaginary lazy susan.)
3. Calculate! Table Diameter minus (2x)Reach = Lazy Susan Diameter!  
(Example:  $72'' - (2 \times 18'') = 36''$  )!

### Lazy Susan Options

Choose 13", 15.5", 19", 24", 36"

FAXBACK to 773-478-9852 to calculate the best size for a lazy susan. No obligation - just knowledge.
